Price FIRM for entire set. Pottery Barn dining room table and chairs, color Ebony. This table seats 8 comfortably and has two additional leaves (stored in the table) which allows seating for 10-12. There are 6 regular chairs and 2 armed chairs. This is a very heavy and sturdy set that will stand the test of time. It is so heavy it will need two men to take the base off and move it that way and you must be able to come get it. The top has a little ware as you will see in the pics. It could easily be refinished or it adds character. The table is approx 3'5" X 7'1" without the leaves- if both leaves are in, it is approx two feet longer. Located in the front of the Westhaven community. CASH or Check that will be mobile deposited at pick-up. Thank you for looking!
